

NATIONAL HEALTH COUNCIL

Cindy Brownstein
Chief Executive Officer
Spina Bifida Association

Dear Cindy:

As a quick follow-up to last week's note regarding our recent political event in Nashua, New Hampshire, I want to thank our Board Chair and Easter Seals President Jim Williams for the role he played -- and for promoting the event so prominently on his organization's web site.

Please see "Liberty, Justice and Health Coverage for All" near the top of the page at www.easterseals.com.

If appropriate, I would encourage you to post information related to this effort on your organization's site -- or link directly to the Council's [news release](#).

Thank you in advance for any visibility you can provide toward the Council's 2008 campaign awareness efforts -- and for your support of the Council in general.

Sincerely,

A handwritten signature in blue ink that reads "Myrl".

Myrl Weinberg, CAE
President
